* R-value: The higher the R-value, the greater the insulating properties.
** U-factor: A tested value of actual energy loss - of an installed door, wall, or window assembly.
Choose a color:

Door overlays and window trim are available in the colors shown or can be painted to match your home’s décor (additional charges may apply). Actual colors may vary from brochure due to fluctuations in the printing process. Always request a color sample from your Overhead Door Distributor for accurate color matching.

Choose a window style:

Wind load-rated windows are offered only for the 160 Series. Windows not available on 166E, 167E or 12’ doors.

Choose a glass type:

370 Series available with single pane glass only. 160 Series available with insulated glass.
Choose your hardware:

**Value**
- Spear Hinge (16" and 18" available)
- Bean Hinge (16" only)
- Large Spear Handle
- Small Spear Handle
- Large Bean Handle

**Premium**
- Bean Design Hinge
- Spade Design Hinge
- Traditional Hammertone Hinge
- Heritage Hinge
- Large Hammered Iron Handle
- Traditional Hammertone Handle

*Model 161T Sandstone/Terra Bronze finish, Clear Long windows*

Choose your opener:

Be sure to ask about our complete line of Overhead Door® garage door openers. Powerful, quiet and durable, Overhead Door's garage door openers are designed for performance, safety and convenience. Your Overhead Door Distributor will help you choose the opener that best suits your door and preferences.
Our Courtyard Collection® features insulated steel construction, fashioned to resemble the elegant wood designs of traditional carriage house doors.

Model 165T  Custom finish, Stockton windows

Model 161A  White finish, Stockbridge windows, decorative hardware
Courtyard Collection® doors give you the beauty of wood with the durability of steel. Each model provides varied design options to complement any home.

Built better from the inside out

**Foamed-in-place polyurethane insulation**
with an R-value* of 12.76 and U-factor up to 0.24 helps control costly heat loss and gain. This type of insulation can diminish street noise and provides for quieter door operation.

**In-between-section thermal seals**
With an air infiltration rating as low as 0.08 cfm, these seals help to provide superior resistance to the elements.

**Wind load-rated door**
(160 Series only - optional)
Safeguard your home in extreme wind conditions. Wind load rating means your home can be built to withstand a variety of wind conditions and meet your local building codes.

**Weather resistant**
Wood grain textured trim boards are resistant to dents and the elements.

**Quiet operation**
Commercial grade track and hardware featuring durable 13 ball bearing rollers is standard for our 160 Series and is an optional upgrade for 370 Series. Residential track and 11 ball bearing rollers is standard for 370 Series.

*Overhead Door Corporation uses a calculated door section R-value for our insulated doors.

Model 162A 7’ high, Custom finish, Somerton windows, decorative hardware

Wind load and custom options available upon request.
Limited Warranty.
Courtyard Collection® garage doors are backed by up to a limited lifetime warranty that protects against section rust-through for as long as you own your home. Also included is a one-year non-transferable, limited warranty ensuring high standards for materials and workmanship.*
* Warranties vary by model, and are available upon request. See full text of warranty for details.

The Genuine. The Original.
Since 1921, Overhead Door has not only raised the standards of excellence for the industry—we’ve created them. Overhead Door created the first upward-acting door in 1921 and the first electric garage door opener in 1926.

Today, our network of over 400 Overhead Door Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It’s your guarantee that you’re getting the genuine, the original Overhead Door.
