**FOR IMMEDIATE RELEASE:**

## **SIGNATURE GARAGE DOORS FOR SIGNATURE HOMES**

*Overhead Door Corporation Introduces Premium Residential Wood Door Collection*

**DALLAS (January 17, 2011)** – For homes of distinction and refinement, Overhead Door Corp. is proud to introduce Signature™ Carriage Collection premium wood doors, a new line that meets the exacting standards of the most discerning customers.

“Our new Signature™ Carriage Collection premium wood doors are for home owners who want, and demand, the very best for their homes,” said Jason Moreno, product manager at Overhead Door. “With the Signature™ Carriage Collection, customers will enjoy classic styles, historic charm and an array of custom choices.”

Signature™ Carriage Collection doors represent the finest in custom wood garage doors. Each is hand-built to precise specifications while maintaining the highest attention to detail. Overhead Door employs Amish craftsmen in Mt. Hope, Ohio to create each order.

Designed to make a statement, Signature™ Collection doors feature eye-catching, classic looks – like the swing-open carriage house style – paired with the convenience of a modern upward-acting sectional door. Units are all the more elegant because they have the unmistakable attractiveness of a real wood door.

All Signature™ Carriage Collection doors are hewn from the finest wood species – Cedar, Hemlock, and Mahogany – then assembled with authentic rail-and-style construction or a flush finish with trim options. Because each home is unique, every aspect of the Signature™ Carriage Collection is available with standard or customer-specified features, including wood species, sizing, construction style, window style, patterns, paint or stain finish and hardware.

“The Signature™ Carriage Collection really is the crowning point of premium wood garage door design and beauty,” Moreno said. “These doors are ideal for enhancing the curb appeal of the homes on which they’re installed.”
