Choosing a Door
What to consider when selecting a door

Style
Whether your home is classic or contemporary, Overhead Door offers styles to best complement your home’s architecture. For a distinctive, custom look, choose insulated doors from our elegant Courtyard Collection®, Thermacore® Collection, Impression Collection® or the custom fine wood doors of the Signature® Carriage Collection.

Safety
Our Impression Collection® doors provide peace of mind with pinch-resistant panels that help protect fingers. If you live in an area that is prone to high winds, our Wind-Storm™ doors provide reliable protection against high wind damage and offer fine craftsmanship, durability and style.

Comfort
If you live in a climate with extreme hot or cold temperatures, we recommend a well-insulated, thermally-efficient door to ensure your comfort. Some of our insulated doors, including the Courtyard Collection® and Thermacore® Collection, also feature a steel backing that lends a finished, clean look to your garage’s interior.
Signature® Carriage Wood

Premium wood garage doors

Signature® Carriage Wood doors combine the classic swing-open appearance and detailing of carriage house wood doors with the convenience of sectional garage doors.

Panel style
Doors provided in unfinished, stain-grade or paint-grade wood. Models are available with or without windows and with square or arched tops. Square tops are shown.

Wood options
Contact your Overhead Door Distributor for specific information.

Window style
For the full selection of windows please see page 29.

Decorative hardware
For specific hardware details please see page 30.
Multiple designs and wood species options let you choose the perfect complement to your home with our style, window and glass options.

World class construction of rail and stile frame adds strength.

Polystyrene insulation can help diminish street noise and provide quieter door operation. R-value* of 4.75 available for select models.

*Overhead Door Corporation uses a calculated door section R-value for our insulated doors.

**Full custom door**
Design your own beautiful wood garage door built to match the architectural style of your home.
Traditional Wood rail and stile garage doors deliver timeless elegance. The traditional look of rail and stile wood doors adds richness, depth and lasting design.

Panel style

Framed panel designs

Single car design shown. Both panels are also available for double car designs.

Raised panel designs

Single car design shown. Both panels are also available for double car designs. Decorative carved Raised panel designs available. Consult your Overhead Door Distributor for details.

Solid arched top is optional.

Window style

Framed panel windows

Clear glass comes standard with this product. Additional glass options are available, including 1/8” tempered and 1/8” double strength (DSB). Contact your local Overhead Door Distributor for more details.
1. Door sections are constructed of 1-3/8” thick finger-jointed wood rails and stiles; with solid stain-grade rails and stiles as an option.

2. Raised panels are constructed of 3/4” solid wood; edge-glued panels.

3. Mortise and tenon joints are glued and steel-pinned for increased strength and durability.

4. Shiplap section design provides weather-tight fit and smooth operation.

Rust resistant track and hardware are constructed of hot-dipped galvanized steel.

4 Polystyrene insulation: Refers to insulation for improved energy efficiency and sound reduction.
5 R-value: The higher the R-value, the greater the insulating properties.
6 Heavy-duty steel: A thicker, more durable and dent-resistant option, designed to withstand additional knocks and bumps from outdoor activity.
7 Backing: Vinyl – For a clean, more finished look and added sound absorption. Steel – Interior-side steel backing for strength and finished appearance.

Up to a limited lifetime warranty
Reliable protection against high winds and wind-borne debris

As the largest point of entry, your garage door offers the largest opportunity for high-pressure destruction. That’s why when high winds hit, a reinforced garage door is one of your home’s – and your family’s – most important safeguards against nature’s fury. Only WindStorm™ rated doors from Overhead Door not only provide reliable protection against high wind damage, but also deliver door products that feature fine craftsmanship, trouble-free performance, lasting durability and eye-catching curb appeal.
