Overhead Door Corporation Earns Innovation Award for Its OHD Anywhere® Technology

Leading homebuilding publication selects Overhead Door Corporation as a Bronze Innovation Award winner, recognizing its valuable product achievements

October 23, 2018 – Overhead Door Corporation, one of the leading manufacturers of garage doors and openers for residential, commercial and industrial applications, has earned *Home Builder Executive* magazine’s 2018 Bronze Innovation Award for its pioneering product advancements, such as fully integrating OHD Anywhere® into Overhead Door® Legacy® 920 garage door openers. With OHD Anywhere®, homeowners can monitor and control their garage door opener from any remote location using their Apple® iPhone or Android phone or device.

The Bronze Innovation Award recognizes companies that promote excellence in homebuilding practices by introducing new products, initiatives and technologies into the marketplace and communities.

“As an industry leader, Overhead Door Corporation is in constant pursuit of delivering the most effective, efficient and durable solutions. Earning an Innovation Award by *Home Builder Executive* is a testament to our nearly 100 years of developing products that add value and convenience to the daily lives of homeowners,” said Ali Isham, Director of Marketing at Overhead Door Corporation.

OHD Anywhere® can be installed with any compatible garage door opener, but this is the first time the controller and sensor have been fully integrated into Legacy® 920 garage door openers, providing homeowners with a seamless and efficient set up process. OHD Anywhere®

grants homeowners peace of mind, with its ability to monitor if the garage door is open, closed or if there are any changes to the door position. Homeowners can also open the door for a delivery, maintenance professional or friends with the push of a button via their smart devices.

Overhead Door Corporation's advanced technology even allows homeowners to set up rules to make sure the garage door is closed after a certain time, while also keeping a log of all dates and times the garage door was in motion.

###

About the Overhead Door™ brand

A brand of Overhead Door Corporation, The Overhead Door™ brand is one of the most trusted for garage doors and garage door openers in North America. Through its dedicated network of more than 400 Overhead Door™ Distributors – which operate across the country under “Overhead Door Company” trade names – that provide superior service and expertise to consumers, the brand is easily recognized by its iconic Red Ribbon logo and “The Genuine.
