Overhead Door™ Brand Offers Model 5800 with New Panel Design and Premium Colors

Recessed Panel and Desert Tan, Terra Bronze, Gray and Black premium colors are now available

February 17, 2020 - Overhead Door™ Brand, a leading manufacturer of residential and commercial door solutions, has expanded its product offerings with the Model 5800 Impression Steel Collection® garage doors. Combining high-end aesthetics and durable construction, Model 5800 features tall section heights, large windows and the option of a new Recessed Panel to add a striking design option. Homeowners can achieve the ultimate curb appeal boost with the look of a carriage house door, but with the value and maintenance of a steel door.

“The Recessed Panel offers a unique pinstriped panel with a bold, recessed stamp design. It enhances the old-world charm of our Model 5800 doors while adding a modern twist. With contemporary color offerings, the 5800 is both trendy and classic,” said Christian Morrow, Brand Manager for the Overhead Door™ Brand.

The oversized windows, one of the largest options on the market, provide maximum natural light into the garage. Model 5800 doors also come with foamed-in-place polyurethane insulation with an R-value of 12*, which can help improve a home’s thermal efficiency.

In addition to the new design, premium colors are now available for the Vertical Raised and Recessed Panel options — Desert Tan, Gray, Terra Bronze and Black — to expand upon the standard offerings of White, Almond, Sandstone and Brown.

*Overhead Door™ Brand uses a calculated door section R-value for our insulated doors.
