Standard features

Integrated Wi-Fi with OHD Anywhere®
Remotely monitor and control your sectional garage door from almost anywhere with your smart device.* OHD Anywhere® is compatible with most iOS and Android mobile devices. Features include:
• Ability to monitor the door position (open or closed) and any change to the position
• Allows multiple user accounts to give others virtual access to your garage door
• Ability to know if an authorized user is operating the door with the OHD Anywhere® app
• Time-based features allow you to schedule door operation
• Maintains access history report for each opener
• The OHD Anywhere® app allows control of multiple OHD Anywhere® Wi-Fi integrated garage door openers

DC motor technology
Our most powerful residential motor delivers 140V quietly.

CodeDodger® access security system
The latest in CodeDodger® technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Helps prevent piracy of the radio signal for the utmost in security.

Speed
Maximum opening speed of up to 12 inches per second. (+/-0.5 inches per second).

Auto seek dual frequency range
The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

DoorDetect™ monitoring and diagnostic system
Delivers the optimal amount of power needed to efficiently and smoothly open even heavy doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam® system
When objects pass through the infrared beam, the door automatically stops closing and then reverses.

C-channel rail
Operator rail designed for strength and better aesthetics.

6’ power cord
For high ceiling applications.

Two-bulb light system with motion detection
Two 100 Watt bulb lighting system with integrated motion detector provides convenience and security. Optional Overhead Door® LED bulb recommended.

Maintenance free direct drive
Direct drive screw system provides powerful and reliable performance.

Compatible with both HomeLink® and Car2U® systems

Convenience options

Garage door opener LED bulb
Designed specifically for garage door openers. Reduces remote interference. Bright, long lasting LED technology. Vibration and shatter resistant.

2-button LED flashlight remote
This remote features a powerful LED flashlight and operates up to two Overhead Door® CodeDodger® equipped openers.

Digital wireless keypad
Lighted keypad features a flip up cover and lets you control up to three garage door openers.

Battery Backup†
Front facing colored LEDs indicate charge status. Up to 50 cycles in a 24-hour period after initial power outage. Operates door at 3.5 inches per second.

* OHD Anywhere® is designed for sectional doors only and should not be used on one-piece garage doors.
† Only available for use with Odyssey® and Destiny® garage door openers.
