

Model 8060

Destiny® 1500

GARAGE DOOR OPENER

The ultimate in power, reliability and fast operation. Featuring a powerful direct screw drive system.

- **Powerful:** 140V DC motor with screw drive operates most residential doors at a speed of up to 12 inches/sec.†
- **Constant monitoring:** DoorDetect™ monitoring and diagnostic technology constantly monitors the door's performance
- **Maintenance free rail:** Direct drive screw system means no gears, chains or belts to wear out.

For use with residential sectional doors up to 14 ft high and one-piece doors up to 8 ft high.

† +/- 0.5 inches/sec. Speed will slow with one-piece doors.

The Genuine. The Original.

Standard features

DC motor technology

Our most powerful residential motor delivers 140V quietly.

CodeDodger[®] access security system

The latest in CodeDodger[®] technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Prevents piracy of the radio signal for the utmost in security.

Speed

Maximum opening speed of up to 12 inches per second.
(+/-0.5 inches per second. Speed will slow with one-piece doors).

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

DoorDetect[™] monitoring and diagnostic system

Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam[®] system

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

C-channel rail

Operator rail designed for strength and better aesthetics.

Two-bulb light system with motion detection

Two 100 Watt bulb lighting system with integrated motion detector provides convenience and security. Optional Overhead Door[®] LED bulb recommended.

Maintenance free rail

Direct drive screw system provides powerful and reliable performance.

Compatible with both HomeLink[®] and Car2U[®] systems

† These accessories are only available for use with Odyssey[®] and Destiny[®] garage door openers.

§ The Overhead Door[®] Network Adapter (37350S) is required for operation of the Door Report Remote.

* OHD Anywhere[®] is designed for use with sectional doors and should not be used with one-piece garage doors.

Convenience options

Garage door opener LED bulb

Designed specifically for garage door openers. Reduces remote interference. Bright, long lasting LED technology. Vibration and shatter resistant.

39492R

2-button LED flashlight remote

This remote features a powerful LED flashlight and operates up to two Overhead Door[®] CodeDodger[®] openers.

39647R

*OHD Anywhere[®]

Remotely monitor and operate your garage door from almost any smart device. Up to 3 doors can be monitored and 20 users added with one system.

39394R

Digital wireless keypad

Lighted keypad features a flip up cover and lets you control up to three garage door openers.

White 37227R Gray 37227S Tan 37227T Almond 37227U

37225R

Battery Backup[†]

Front facing colored LEDs indicate charge status. Up to 50 cycles in a 24-hour period after initial power outage. Operates door at 3.5 inches per second.

37229R

Door Report[™] Remote^{§†}

Beeps and flashes green when garage door closes properly. Gives warning tone and flashes red when door does not close properly.

37349R

6' power cord

For high ceiling applications (Model 7030H).
