The Impression Fiberglass Collection® Model 7800 offers a variety of styles that capture the beauty of natural wood without the maintenance.

- Factory installed powder coated hardware ensures proper alignment and smoother operation with a clean interior appearance.
- Fiberglass exterior captures the finest wood grain texture with less maintenance than natural wood.

To prevent fading on exterior, water based, satin finish clear coat should be applied every 1-3 years, depending on environment. Please refer to the owner manual and Field Painting & Finishing document on overheaddoor.com.

Wind load and custom options available upon request.

The Rolled-Up-Edge Panel (983), Cherry stain finish, 6 Window Square

The Genuine. The Original.

Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry—we’ve created them.

We created the first sectional garage door in 1921 and the first electric garage door opener in 1926.

Today, our network of Overhead Door™ Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It’s your guarantee that you’re getting the genuine, the original Overhead Door™ products and services.

Impression Fiberglass COLLECTION®

Built Better from the Inside Out

Door construction:

- Foamed-in-place polyurethane insulation with an R-value of 7.6 helps control costly heat loss and gain. This type of insulation can diminish street noise and provides for quieter door operation.
- Fiberglass exterior - the beauty of wood with less maintenance.
- Designed with award-winning safety and technology features including pinch-resistant door panels.
- Bell-type button weather seal guards against wind and rain while providing a cushion when closing.
- High cycle spring option: Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

*Overhead Door Corporation uses a calculated door section R-value for our insulated doors.
Impression Fiberglass Collection® Model 7800 doors have been magnificently engineered with an artfully molded wood grain fiberglass surface concealing durable steel construction.

Choose a panel style

Vertical Raised (VR)  
Horizontal Raised (HR)  
Vertical Long (VL)  
Horizontal V-groove* (HV)

Note: Previous model numbers and panel styles are noted in parentheses in gray.

Choose a color

- White
- Drift
- Mahogany
- Honduran Mahogany
- Natural Oak
- Green
- Gray
- Clay
- Walnut
- Red Oak

* Doors over 9 ft. wide have a vertical seam added for support.

Choose a window style
