Premium insulated garage doors deliver maximum thermal efficiency and design flexibility.
The Thermacore® Collection keeps design in mind and adds comfort to your home by providing protection from air infiltration and temperature changes.
Thermacore® Collection steel garage doors feature premium insulation construction and design which provides maximum thermal efficiency and reduced air infiltration for your garage space. This durable line of garage doors gives you many years of reliable operation while providing comfort and beauty to your home, even in extreme climates.

**Thermacore® construction**
Provides a continuous layer of foamed-in-place, CFC-free polyurethane insulation sandwiched between two layers of corrosion-resistant steel, for maximum thermal efficiency.

**In-between section thermal seals**
With an air infiltration rating of up to 0.08 cfm, seals provide superior resistance to the elements.

**Bulb-type bottom weatherseal**
Guards against wind and rain while providing a cushion when closing.

**Durable finish**
Interior-side hot-dipped galvanized steel backing, with two coats of baked-on polyester paint, provides strength and a finished, clean appearance.

**Multiple surface options**
- Embossed wood grain adds beauty, sophistication and durability.
- Microgroove waved pattern creates a striking light effect.
- Smooth, non-textured surface gives a modern look.
- Pebble grain embossement creates an appealing pattern texture.

* R-value is a measure of thermal efficiency. The higher the R-value the greater the insulating properties of the door. Overhead Door Corporation uses a calculated door section R-value for our insulated doors.

**See full text of warranty for details.**

Note: Previous model numbers and panel styles are noted in parentheses in gray.

Doors shown are 7’ tall. The number of sections on 8’ doors may vary.

Actual colors may vary from brochure due to fluctuations in the printing process. Always request a color sample from your Distributor for accurate color matching before ordering your door.

Choose your opener

Be sure to ask about our complete line of Overhead Door® garage door openers. Powerful, quiet and durable, these garage door openers are designed for performance, safety and convenience. Your Overhead Door™ Distributor will help you choose the opener that best suits your door and preferences.
Transform Your Home with the DoorView® Visualization Tool.
Go to overheaddoor.com to try our online interactive software tool that lets you visualize what your home would look like with a new Overhead Door™ garage door. Contact your local Overhead Door™ Distributor for more information and to receive a quote.

The Genuine. The Original.
Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry – we’ve created them. We created the first sectional garage door in 1921 and the first electric garage door opener in 1926.

Today, our network of over 400 Overhead Door™ Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It’s your guarantee that you’re getting the genuine, the original Overhead Door™ products and services.
