Power, reliability and convenience with a choice of belt or chain drive

- **Design flexibility**: Choose to have your opener with or without integrated wi-fi or battery backup; also choose between a belt or chain rail to suit your preference.
- **Durable performance**: 24V DC motor operates most residential sectional doors up to 8’ high and weighing up to 500 lbs.
- **Quiet**: DC motor featuring soft start and stop combined with C-channel rail delivers quiet operation.
- **Lighting**: Bulb is positioned toward the inside of the garage for light where you need it most.

The Genuine. The Original.
Standard features and benefits

DC power
DC motor operates with variable speeds for soft start and stop; providing smooth, quiet operation and less wear and tear on your garage door.

CodeDodger® access security system
Selects a code from billions of combinations each time a remote or wireless keypad are used. Helps prevent piracy of the radio signal for the utmost in security.

Easy programming
Quick, simple limit setting for faster installation.

Auto seek dual frequency range
The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

Self-diagnostic Safe-T-Beam® System
When objects pass through the infrared beam, the door automatically stops closing and then reverses.

C-channel rail
Operator rail designed for strength; conceals rotating belt or chain for better aesthetics.

Lighting system
Optional Overhead Door™ LED bulb available. 60 Watt max if incandescent bulbs used.

Compatible with both HomeLink® and Car2U® systems
Works with current and all previous versions. No additional external repeater kit or compatibility bridge needed.

Models 2129/2129B
Smart garage door openers integrated with OHD Anywhere®
Remotely monitor and control your sectional garage door from almost anywhere with your smart device.* OHD Anywhere® is compatible with most iOS and Android mobile devices. Features include:
- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere® app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere® app allows control of multiple OHD Anywhere® Wi-Fi integrated garage door openers

Models 2029B/2129B
Battery Backup included
The Overhead Door™ Battery Backup unit provides peace-of-mind during a power outage. Delivers up to 50 cycles in a 24 hour period after initial power outage.

California Residents:
As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.

Standard equipment and warranty

* Limited, non-transferable warranty. See owner’s manual for details.

Distributor services

Installation
Selection of an Overhead Door™ garage door system includes expert installation and service from our professional network of over 400 distributors.

Routine maintenance
Let your Overhead Door™ Distributor ensure that your garage door system operates at peak performance year-in and out. Ask about routine system tune-ups and other professional services offered.
Convenience options

External OHD Anywhere®
This garage door controller gives you the ability to operate your sectional garage door with a smart device from almost anywhere. You can also check the status of your door and monitor who is using it for added peace-of-mind and control.*

Garage door opener LED bulb
Designed specifically for garage door openers. Reduces remote interference. Bright, long lasting LED technology. Vibration and shatter resistant.

Digital wireless keypad
Lighted keypad features a flip up cover and lets you control up to three garage door openers.

2-button LED flashlight remote
This remote features a powerful LED flashlight and operates up to two Overhead Door® CodeDodger® equipped openers.

6’ power cord**
For high ceiling applications

* OHD Anywhere® is designed for sectional doors only and should not be used on one-piece garage doors.
**Only available on Model 2029.
