- 3-Button Remote
- Motor and Gearbox
- Belt
- Chain and Parts
- Accessories

Battery Backup capable

† +/- 0.5 inches per second. Speed will slow with one-piece doors.
Standard features and benefits

DC power
Powerful 140V DC motor operates with minimal noise.

Quiet operation
Belt and chain drive provide smooth and quiet operation, perfect for room adjacent garages that demand minimal noise. Belt drive offers the ultimate in quiet operation.

CodeDodger® access security system
The latest in CodeDodger® technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Prevents piracy of the radio signal for the utmost in security.

Auto seek dual frequency range
The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation even in areas with frequency interference.

DoorDetect™ monitoring and diagnostic system
Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam® system
When objects pass through the infrared beam, the door automatically stops closing and then reverses.

Two-bulb lighting system
Two 100 Watt bulb lighting system provides added safety and convenience. Optional Overhead Door® LED bulb recommended.

Compatible with both HomeLink® and Car2U® systems – works with current and all previous versions. No additional external repeater kit or compatibility bridge needed.

Convenience options

Garage door opener LED bulb – NEW!
Designed specifically for garage door openers. Reduces remote interference. Bright, long lasting LED technology. Vibration and shatter resistant.

2-button LED flashlight remote – NEW!
This remote features a powerful LED flashlight and operates up to two Overhead Door® CodeDodger® openers.

OHD Anywhere®
Remotely monitor and operate your garage door from almost any smart device. Up to 3 doors can be monitored and 20 users added with one system.

Digital wireless keypad
Lighted keypad features a flip up cover and lets you control up to three garage door openers.

Battery Backup†
Front facing colored LEDs indicate charge status. Up to 50 cycles in a 24-hour period after initial power outage. Operates door at 3.5 inches per second.

Door Report™ Remote§
Beeps and flashes green when garage door closes properly. Gives warning tone and flashes red when door does not close properly.

6’ power cord
For high ceiling applications (Model 7030H).

† These accessories are only available for use with Odyssey® and Destiny® garage door openers.
§ The Overhead Door® Network Adapter (37350S) is required for operation of the Door Report Remote.
