More power, more reliability and faster operation. Featuring a powerful direct screw drive system.

- **Reliability:** 140V DC motor with screw drive operates most residential doors at a speed of up to 10 inches/sec†.
- **Constant monitoring:** DoorDetect™ monitoring and diagnostic technology constantly monitors the door’s performance.
- **Maintenance free rail:** Direct drive screw system means no gears, chains or belts to wear out.

For use with residential sectional doors up to 14 ft high and one-piece doors up to 8 ft high.

† +/- 0.5 inches/sec.
Standard features

**DC motor technology**
Our most powerful residential motor delivers 140V quietly.

**CodeDodger® access security system**
The latest in CodeDodger® technology that selects a code from billions of combinations each time a remote or wireless keypad are used. Prevents piracy of the radio signal for the utmost in security.

**Speed**
Maximum opening speed of up to 10 inches per second. (+/-0.5 inches per second. Speed will slow with one-piece doors).

**Auto seek dual frequency range**
The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

**DoorDetect™ monitoring and diagnostic system**
Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

**Self-diagnostic Safe-T-Beam® system**
When objects pass through the infrared beam, the door automatically stops closing and then reverses.

**Two-bulb light system with motion detection**
Two 100 Watt bulb lighting system with integrated motion detector provides convenience and security. Optional Overhead Door® LED bulb recommended.

**Maintenance free rail**
Direct drive screw system provides powerful and reliable performance.

**Compatible with both HomeLink® and Car2U® systems**

Convenience options

**Garage door opener LED bulb**
Designed specifically for garage door openers. Reduces remote interference. Bright, long lasting LED technology. Vibration and shatter resistant.

**2-button LED flashlight remote**
This remote features a powerful LED flashlight and operates up to two Overhead Door® CodeDodger® openers.

**OHD Anywhere®**
Remotely monitor and operate your garage door from almost any smart device. Up to 3 doors can be monitored and 20 users added with one system.

**Digital wireless keypad**
Lighted keypad features a flip up cover and lets you control up to three garage door openers.

**Battery Backup**
Front facing colored LEDs indicate charge status. Up to 50 cycles in a 24-hour period after initial power outage. Operates door at 3.5 inches per second.

**Door Report™ Remote**
Beeps and flashes green when garage door closes properly. Gives warning tone and flashes red when door does not close properly.

**6’ power cord**
For high ceiling applications (Model 7060H).

---

† These accessories are only available for use with Odyssey® and Destiny® garage door openers.
§ The Overhead Door® Network Adapter (37350S) is required for operation of the Door Report Remote.
* OHD Anywhere® is designed for use with sectional doors and should not be used with one-piece garage doors.
