Traditionally Steel COLLECTION

Performance, Durability and Value

The Traditional Steel Collection combines the long-lasting performance of high quality steel with the elegance of clean lines and classic designs. Whether you want to create a subtle statement or a bold one, our wide assortment of neutral tones will complement the architectural details of your home.

Surface
- Embossed wood grain add style, beauty, sophistication and durability.

Durable finish
- Hot-dipped galvanized steel with two coats of baked-on polyester paint.

Bulb-type bottom weatherseal
- Guards against wind and rain while providing a cushion when closing.

Reinforced door construction
- For maximum strength, durability and minimal weight.

Our WindStorm™ wind load rated system
- Available on select products to meet regulations for a variety of wind speeds, including hurricane-force winds, and meet the most stringent local building codes.

AFTER
Model 1500 (181) 7’ high, Long panel, Mission Oak finish, Clear Long windows

Before
Model 1500 (185) 7’ high, Vertical Short panel, Desert Tan finish, decorative hardware

The Genuine. The Original.
Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry — we’ve created them. We created the first sectional garage door in 1921 and the first electric garage door opener in 1926. Today, our network of over 400 Overhead Door™ Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It’s your guarantee that you’re getting the genuine, the original Overhead Door™ products and services.

Legendary performance and durability at a great value.
