Cleaning Your Garage Door

IMPORTANT: DO NOT USE A PRESSURE WASHER ON YOUR GARAGE DOOR as this will damage the paint finish of the door. Always use a low-pressure sprayer of water, a towel or a soft brush. Do not use any abrasive products. Do not allow water to run down the door or over the door trim. Do not use any commercial cleaning products. Do not use any cleaner that contains alcohol or bleach.

GLASS CLEANING INSTRUCTIONS

Clean with a mild detergent solution (such as dawn) and a soft cloth. After cleaning, rinse thoroughly.

ACRYLIC CLEANING INSTRUCTIONS

Clean acrylic glazing with nonabrasive soap and detergent or any liquid soap or dryer sheet. A soft, lint-free cloth or damp sponge is all that is needed. Do not use any cleaner that contains alcohol or bleach.

NOTE: Do not use any cliff polish or paint. Do not use any solvent cleaners. Do not use any cleaning products that contain alcohol or bleach.

Painting Your Garage Door

SURFACE PREPARATION FOR PAINTING

Wash the garage door thoroughly to remove dirt, dust and debris. Make sure to use a brush to clean the surface of the door. Do not use any abrasive products. Do not use any commercial cleaning products. Do not use any cleaner that contains alcohol or bleach.

Painting the Garage Door

IMPORTANT: IF A FACTORY SEAL IS COMPROMISED OR DAMAGED, REPAIR THE FACTORY SEAL WITH FIELD-CALCULATED PAINTING.

PAINTING:

When painting the surface of the door, make sure to use a brush to clean the surface of the door. Do not use any abrasive products. Do not use any commercial cleaning products. Do not use any cleaner that contains alcohol or bleach.

NOTE: If the paint is not properly applied, it may flake off or be uneven. If the paint is not properly applied, it may flake off or be uneven.

NOTE: Do not use any window cleaning fluids, scouring compounds, grits, or solvent-based cleaners of any kind.

OVERVIEW OF POTENTIAL HAZARDS READ THIS SAFETY INFORMATION CONVENTIONS USED IN THESE INSTRUCTIONS:

Model: 7565

READ THIS MANUAL CAREFULLY AND OBSERVE ALL WARNINGS WHEN OPERATING OR MAINTAINING YOUR GARAGE DOOR.

YEARLY INSPECTION:

The manufacturer has designed and tested the garage door to be safe and reliable. However, the garage door must be maintained on a regular basis to ensure continued safe operation. The manufacturer recommends that the garage door be inspected and lubricated regularly as described in this manual.

DOOR INSPECTION AND MAINTENANCE GUIDELINES

DOOR Tracks

Keep tracks free of oil and grease so rollers move freely. Grease attracts dirt and which builds up and keep door from moving smoothly.

DOOR Springs:

Springs are designed to provide the necessary spring tension to operate your garage door. The spring tension determines how much force is required to open and close the door. If the spring tension is too high, the door may not operate smoothly or safely. If the spring tension is too low, the door may not operate properly or safely.

SAFETY INFORMATION

Garage doors are large, heavy objects that move with the help of springs under high tension and electric motors. Since moving objects, such as garage doors, are a common cause of injuries, it is important to take precautions to ensure the safety of those who use the garage door. This includes following the safety guidelines provided by the manufacturer. If you have questions or concerns about the safety of your garage door, contact your nearest trained door system technician or visit our website.

THE FOLLOWING SOLUTIONS ARE RECOMMENDED:

A mild detergent solution consisting of one cup detergent with less than 0.5% phosphate dissolved into five gallons of warm water shall be added to the mix of dirt and dust. Do not use any abrasive products. Do not use any commercial cleaning products. Do not use any cleaner that contains alcohol or bleach.

NOTE: Do not clean behind weatherstripping on both sides and top of door.

NOTE: CAUTION: NEVER MIX CLEANSERS OR CIGNETTERS WITH BLEACH.

The following Safety Alert symbol and signal words are used throughout this manual to call attention to and identify different levels of hazard and special instructions.

DANGER: INDICATES AN IMMEDIATELY HAZARDOUS SITUATION WHICH, IF NOT AVOIDED, WILL RESULT IN DEATH OR SEVERE INJURY.

WARNING: INDICATES A POTENTIALLY HAZARDOUS SITUATION WHICH, IF NOT AVOIDED, COULD RESULT IN DEATH OR SEVERE INJURY.

CAUTION: INDICATES A POTENTIALLY HAZARDOUS SITUATION WHICH, IF NOT AVOIDED, MAY RESULT IN INJURY OR PROPERTY DAMAGE.

NOTE: Indicate important steps to be followed or important considerations.

IMPORTANT SAFETY INSTRUCTIONS AND FIND ALL INSTRUCTIONS SAVE THESE INSTRUCTIONS.
Hardware Inspection

Close and lock the door. Inspect the hardware, stop plates, hinges, top fixings, locking devices, and track brackets to make sure that they are securely attached. Tighten fasteners as necessary. DO NOT overtighten, excess tightening may strip the threads and make the bolts useless.

WARNING

DO NOT TRY TO REMOVE, INSTALL, REPAIR OR ADJUST SPRINGS OR ANYTHINGS TO WHICH DOOR SPRING PARTS ARE FASTENED, SUCH AS, WOOD BLOCKS, STEEL BRACKETS, CABLES OR OTHER LIKE ITEMS. INSTALLATIONS, REPAIRS AND ADJUSTMENTS MUST BE DONE BY A TRAINED DOOR SYSTEM TECHNICIAN USING PROPER TOOLS AND INSTRUCTIONS.

Cable Inspection

Inspect the cables. The cables should be tight and secure to the bottom fixture. The cables should not rub against the door, track or any other object. Cables with frayed or broken strands should be replaced by a trained door system technician.

Counterbalance Lift Cable Assemblies

WARNING

BOTTOM CORNER BRACKETS, TORSION SPRINGS, COUNTERBALANCE LIFT CABLES, DRUMS, PULLEYS, SHAFTS, AND BRACKETS ARE UNDER HIGH SPRING TENSION. DO NOT ATTEMPT TO REMOVE, INSTALL, REPAIR OR ADJUST A TORSION SPRING ASSEMBLY WITHOUT PROPER TRAINING AND TOOLS. ATTEMPTING TO REMOVE, INSTALL, REPAIR OR ADJUST SPRING ASSEMBLY WITHOUT PROPER TRAINING AND TOOLS MAY RESULT IN AN UNCONTROLLED RELEASE OF SPRING FORCES WHICH COULD CAUSE SERIOUS OR FATAL INJURY.

Broken or Slipped Cable

If a cable breaks, or cable slips off a torsion spring drum, the door may cock or wedge into the tracks. DO NOT continue to use the door. DO NOT attempt repairs. Call a trained door system technician to repair the door.

Broken Spring

If a spring breaks, the door will not be counterbalanced and may fall if opened. DO NOT continue to use the door. DO NOT attempt repairs. Call a trained door system technician to repair the door.

Overhead Door Corporation Limited Lifetime Warranty

Limited Lifetime Warranty

Overhead Door Corporation ("Seller") warrants to the original purchaser of the Model 7565 ("Product"), subject to all the terms and conditions hereof, that the Product and all components thereof will be free from defects in material and workmanship for the following period(s) of time, measured from the date of installation:

- Limited Lifetime Warranty*: on the Product sections against:
  - The Product becoming inoperable due to rust-through of the steel skin from the core of the Product section, due to cracking, splitting, or other deterioration of the steel skin, or due to structural failure caused by separation or degradation of the foam insulation.
  - Peeling of the original paint as a result of a defect in the original paint or in the application of the original paint coating.
  - The Product hardware and tracks (except springs).

- ONE (1) YEAR on those component parts of the Product not covered by the preceding provisions of this Warranty.

- TWO (2) YEARS on factory attached overlay material against peeling, cracking, chalking, fading or delamination.

*Limited Lifetime shall mean as long as the original purchaser owns the house in which the Product is originally installed.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. In no event shall Seller be responsible for, or liable to anyone for, special, indirect, collateral, punitive, incidental or consequential damages, even if Seller has been advised of the possibility of such damages. Each excluded damages includes, but are not limited to, loss of use, cost of any substitute product, or any other similar financial losses. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Claims under this warranty must be made promptly after discovery, within the applicable warranty period, and in writing to the authorized distributor or installer whose name and address appear below. The purchaser must allow Seller is reasonable opportunity to inspect any Product claimed to be defective prior to removal or any alteration of its condition. Proof of the purchase and/or installation date, and identification as the original purchaser, may be required. There are no established informal dispute resolution procedures of the type described in the Magnuson-Moss Warranty Act.
